Subject: GVC - Sad news about Saturday's New River Trail trip

During a ride on the New River Trail near Fosters Falls, VA this past Saturday, d'Anne Hatcher was struck and killed by a large rock that fell from a cliff overlooking the trail. She was leading a group of Triad cyclists, including several club members. The accident was a sad ending to a day that many of us had been looking forward to for a long time. Please keep her, her family and friends in your thoughts. There will be a memorial service Tuesday 10 AM at Salem Lake.

It's Time for New Cycling Duds

Several folks have asked if we can purchase TailWind Tandem Club jerseys and shorts. The issue is -- can we raise enough interest in clothing to make economical purchases. This is where you come in. We have to know your level of interest in particular items before we can attempt to update our designs and find a vendor that will make the items at prices that won't break the bank. Now, here's where you come in. If are interested in replacing your current jersey(s) and in getting other TailWind Tandem Club themed clothing we have to know. While the information we are seeking is not an absolutely firm commitment on your part we do need reliable numbers. So, please list your preferences and needs from the list below. When you've listed what you want, email your needs to Newsie Suzie at newsiesuziesisk@carolina.rr.com . She will pass your list of mentionable to the "Duds Committee".

You can tell when you aren't riding your bike enough when you get "friends" checking out your bike. Look close – black on black but you will see Mr. Windy.
